enatel

Declaration of Conformity

Thank you for choosing Enatel,

Enatel's Quality, Environmental, Health and Safety Management System are certified under ISO 9001:2015, ISO 14001:2015 and ISO45001:2018.

The product(s) you have purchased have been manufactured and tested in an Enatel approved facility.

The product(s) have passed all manufacturing inspection and testing requirements, including an automated final test. All Final Test records are retained, and a copy can be made available upon request. Please retain the product Serial Number to use as reference when requesting these test results.

The current product specification sheet is available for download from: www.enatel.net
